PROFESSIONAL SUMMARY

A B.Tech final-year student with hands-on experience in **frontend development**, including **HTML, CSS, JavaScript**, and **GitHub**. Strong in problem-solving and responsive web design. Looking for a **frontend developer role** to apply my skills in building modern and user-friendly websites.

SKILLS

Technical: • HTML • CSS • JavaScript • GIT and GITHUB • ReactJS • VS Code • C • Python

Soft Skills: • Communication & Teamwork • Responsive Design • Time Management

PROJECTS

Responsive Portfolio Website — Frontend Developer

Designed and developed a responsive personal portfolio using **HTML, CSS**, and **JavaScript** in VS Code.

- Showcased skills, projects, and contact details in a clean, user-friendly layout.
- Deployed the website using GitHub Pages.

Weather App — Frontend Developer

Built a weather forecast web app using **JavaScript** and the **OpenWeather API**.

- Enabled users to view real-time weather by entering city names.
- Ensured cross-device compatibility with responsive UI design.

To-Do List App — Frontend Developer

Developed a dynamic to-do list application using **HTML, CSS**, and **JavaScript**.

- Integrated task features: add, delete, mark as completed, and save via local storage.
 - Focused on clean UI/UX and simple task management.
-
